

RESOURCES FOR IHRFG MEMBERS

Learning and Interacting

- **Conferences**: IHRFG in-person conferences are an opportunity for funders to explore critical human rights issues and deepen their knowledge of strategic human rights grantmaking practices.
- **Institutes**: IHRFG Institutes provide funders with the chance to “dive deeper” on specific topics. Institutes are also designed and led by members.
- **Learning Visits Abroad**: These trips help members improve their understanding of timely and relevant international human rights issues and provide opportunities to meet peer grantmakers and human rights leaders from around the globe.
- **Telebriefings**: Periodic telebriefings help members stay abreast of the latest human rights developments.
- **Working Groups**: These sub-groups within IHRFG’s membership serve as a forum through which members can delve into issues of common interest (existing working groups include Latin America Funders, Asia and Pacific Funders, Human Rights Defenders, Disability Rights Funders, Sexual and Reproductive Health and Rights, and more).

Strategizing and Assessing

- **Advancing Human Rights: The State of Global Foundation Grantmaking**: This first-ever data-driven analysis of the scope and landscape of global human rights grantmaking details total support, top funders, and sample grants for numerous rights issue areas.
- **Philanthropy In/Sight: Human Rights**: This map -- the first tool to be released as part of our *Advancing Human Rights: Knowledge Tools for Funders* initiative -- enables funders to search for grants by rights issue, population served, and location of grantee. As an IHRFG member, you can learn how to access the map by contacting us.
- **Online Directory of Human Rights Funders**: This Directory allows grantmakers and grantseekers alike to search for funding information by a number of categories, including areas of funding, strategies supported, and geographic focus. Please let us know if you would like us to include a profile of your foundation.
- **Resource Archive**: This tool is designed to enable users to search for documents and resources from IHRFG’s archives. You can find session summaries and agendas from previous IHRFG learning events as well as *In Focus* newsletter articles and telebriefing recordings.

Sharing and Connecting

- **Member Area**: This password-protected area on our website is used by members to share information, resources, announcements, job listings, and more (the Philanthropy In/Sight: Human Rights tool is based within our member area).
- **Article Submissions to E-newsletter**: *In Focus* articles are written by IHRFG members on a topic related to human rights or human rights grantmaking.
- **Blog Posts**: Short blog entries are shared by members on a topic related to human rights, human rights grantmaking, recent site visits, and other topics that would be of interest to human rights funders. (www.ihrfg.wordpress.com)
